WEDNESDAY

WHEN AN ICONIC DANCE SCENE GOES VIRAL GLOBALLY

A woman with red hair styled in a braid, wearing a green floral dress, is seated at a dark wooden desk in a period setting. She is holding a quill pen over an open book. The desk is cluttered with various items, including a candle in a holder, a small box, and a pen rest. The background features heavy, patterned curtains.

A promotional image for the Netflix series 'Emily in Paris'. It features the main character, Emily, sitting at an outdoor cafe in Paris. She is wearing a blue off-the-shoulder top with white polka dots and is talking on a silver flip phone. In the background, a man with a beard and sunglasses is seated at another table, looking away. The scene is set in a charming Parisian cafe with greenery and a soft, natural light.

TURNING VIEWS INTO VALUE

A background image of a boxing match in progress. Two boxers are in the ring, one with arms raised in victory. The scene is dimly lit with bright spotlights on the ring. A conceptual diagram is overlaid on the image, consisting of three red text labels: 'BRAND OUTCOMES' at the top left, 'DEEP ENGAGEMENT' at the top right, and 'SMART SIGNALS' at the bottom center. White curved arrows connect these labels in a clockwise cycle: from 'BRAND OUTCOMES' to 'DEEP ENGAGEMENT', from 'DEEP ENGAGEMENT' to 'SMART SIGNALS', and from 'SMART SIGNALS' back to 'BRAND OUTCOMES'.

TWO-PHASE NESTEA ACTIVATION MAXIMISES FULL-FUNNEL IMPACT

STORY & SOLUTION

Nestea effectively capitalised the premiere of One Piece S2, allowing the brand to capitalise on a highly popular title with a loyal fanbase.

Nestea employed a two-phase creative approach: an initial 10" teaser followed by a longer video. The first wave generated excitement of the new product launch, while the second wave delivered a significant impact across the entire funnel.

SALES IMPACT

"The campaign was an outstanding success in terms of sales; we even ended up running out of stock."

— Jordi Llanes, Media & Consumer Insights Manager at Damm

High level of attention sustained throughout the ad (viewing time >85%)
